

# TRY THAIHONG

Junior Web Developer | Web design,Php ,Laravel

📞 061977365 @ hongop34@gmail.com 🌐 Try thaihong 📍 Siem Reap

## SUMMARY

My name is Try Thaihong, I am 21 years old and currently studying Computer Science at CUS University. I have completed several short courses to strengthen my practical skills and successfully finished a 4-month internship as a Web Developer. During my internship, I mainly worked on frontend development, and sometimes backend tasks using PHP, Laravel, and Wordpres. I am passionate about building responsive and user-friendly web applications and I am eager to continue improving my skills as a Junior Web Developer.Eager web developer, well-versed in JavaScript, CSS, HTML. Utilizing a year of experience from interning, with a passion for creating responsive and user-centred web applications. Adept in project management and problem-solving to facilitate timely project completion.

## EXPERIENCE

### Graphic Design at Saek Tamey Association

📅 04/2024 - 08/2024 📍 Siem Reap, Cambodia

Graphic design is the art of visual communication using images, typography, color, and layout to deliver clear messages. It supports branding, marketing, and user experience in both digital and print media. Graphic designers create logos, social media posts, brochures, websites, and packaging. With creativity and attention to detail, design helps businesses build identity and connect with audiences effectively.

### Web developer at Sessor Creative Design

📅 09/2024 - 12/2024 📍 Siem Reap, Cambodia

During my internship as a **Web Developer**, I focused mainly on frontend development using **HTML, CSS, JavaScript, jQuery, Bootstrap, React, Tailwind CSS, TypeScript, and Next.js**, and occasionally worked with **WordPress** for content management. I also gained some experience with backend technologies and strengthened my skills in **Node.js, PHP, and Laravel** by working on personal real-world projects independently. This experience helped me build responsive and user-friendly web applications while developing a solid understanding of both frontend and backend development.

## VOLUNTEERING
